Acordex® Imaging Systems

FaxKeep

The simple single vendor fax solution.

faxKeep

FaxKeep solutions

How do you organize your faxes?
Keep them all together with FaxKeep.

Compliance and audit trail

FaxKeep manages and stores all of your fax records. Never lose a critical fax document again. Never let a confidential fax arrive at a shared fax machine.

Capture all of your time-sensitive, event-driven data automatically. Use FaxKeep for compliance and audit trail support. FaxKeep provides a streamlined, seamless environment for sending, receiving, and archiving all of your organization's faxes.
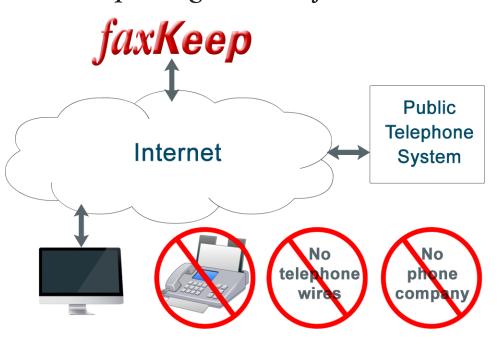

Save money

FaxKeep streamlines your fax environment, eliminating labor. FaxKeep eliminates "the phone company."

What it does

FaxKeep is an integrated solution that uses FoIP (Fax over IP) technology to transmit faxes to any and all fax machines, single computer fax modems, network-enabled multifunction scanner copiers, or high-volume fax servers.

Advanced Capabilities

• Maintain security by assigning access priviledges to specific individuals and groups.

• Preserve your signed legal, financial, and intercompany documents in a uniform manner.

• FaxKeep installation requires only an internet connection. Service can be turned up in minutes.

Key Features

• Single repository for all of your fax records.

• Each user can have a separate fax number.

• "Never busy." Each fax number can send and receive many faxes at once.

• Password protected access to each fax number.

• Automatic email notification when a fax is received.

Key Benefits

• No fax machines. No telephone wires. No phone company. Acordex is the single vendor accountable for all fax issues.

• Increase efficiency by eliminating paper filing.

• Reduce cost by lowering your phone bill and eliminating fax machine consumables.
